10	consent Show the field ONLY if: [age] >= 18	<p>Section Header: <i>Please read the following Information Sheet. Your consent is required to proceed with this survey.</i></p> <p>INFORMATION SHEET</p> <p>STUDY TITLE: Diffusion of Marketing Messages about Tobacco Products through Social Media - Study 3</p> <p>PRINCIPAL INVESTIGATOR: Jennifer B. Unger, Ph.D.</p> <p>DEPARTMENT: Preventive Medicine</p> <p>TELEPHONE NUMBER: <u>323-442-8234</u></p> <p>We invite you to take part in a research study. Please take as much time as you need to read this information. You may want to discuss it with your family or friends. This research study is sponsored by the National Institutes of Health. They provide funding to cover the costs of conducting this research study.</p> <p>WHY IS THIS STUDY BEING DONE?</p> <p>This study is about how people use social media to discuss and learn about tobacco and nicotine products. We would like to compare the opinions and behaviors of people who post about tobacco on Twitter or Instagram with those of people who post about other topics. We hope to learn what people say online about tobacco and nicotine products, and how these messages affect other social media users. You are invited as a possible participant because you have recently posted on Twitter or Instagram about tobacco or about another topic. About 1800 participants will take part in the study.</p> <p>WHAT IS INVOLVED IN THE STUDY?</p> <p>If you agree to take part, you will receive a link to an online survey. The survey will ask about your habits and interests, including your use of social media sites such as Twitter and Instagram and your use of specific tobacco and nicotine products.</p> <p>Six months after you complete the first survey, you will be invited to take another survey to see whether your habits and opinions have changed or remained the same.</p> <p>Each survey will take about 30 minutes to complete. You can do the surveys on a computer or mobile device such as a smartphone or tablet.</p> <p>Your study participation will end after you complete the two surveys.</p>	descriptive						

WHAT ARE THE POSSIBLE RISKS AND DISCOMFORTS?

Some of the questions in the survey may make you feel uneasy or embarrassed. You can choose to skip or stop answering any questions that make you uncomfortable.

There is a small risk that people who are not connected with this study will learn your identity or your personal information.

WILL YOUR INFORMATION BE KEPT PRIVATE?

Your answers will be kept in a password-protected and encrypted file. Only the research staff will have access to your answers. We will keep your responses for this study confidential as far as permitted by law. However, if we are required to do so by law, we will disclose confidential information about you. The University of Southern California's Institutional Review Board (IRB) may review your responses. The IRB is a research review board that reviews and monitors research studies to protect the rights and welfare of research participants. We may publish the information from this study in journals or present it at meetings. If we do, we will not use your name.

WHAT ARE THE POSSIBLE BENEFITS OF TAKING PART IN THIS STUDY?

You will not receive any direct benefit from taking part in this study. However, your participation in this study may help us learn how messages about tobacco and nicotine products travel from one person to another.

WHAT OTHER OPTIONS ARE THERE?

An alternative would be not to take part in this study.

ARE THERE ANY PAYMENTS TO YOU FOR TAKING PART IN THE STUDY?

You will receive a \$20 Amazon gift card for completing each survey.

If you receive more than \$600 per year for taking part in one or more research studies, you may be required to pay taxes on that money. This does not include any payments you receive to pay you back for expenses like parking fees. You may receive an Internal Revenue Service (IRS) Form 1099 if you receive more than \$600 in one year for taking part in one or more research studies.

WHAT ARE YOUR RIGHTS AS A PARTICIPANT, AND WHAT WILL HAPPEN IF YOU DECIDE NOT TO PARTICIPATE?

Your participation in this study is voluntary. You are not giving up any legal claims or rights. If you do decide to take part in this study, you are free to change your mind and stop being in the study at any time.

WHOM DO YOU CALL IF YOU HAVE QUESTIONS OR CONCERNS?
